

General Information

The iPad is to be used as a tool to assist with student learning. It is therefore expected that the device will be maintained in accordance with our school policies and documents. These policies and documents in combination will help to ensure our use of digital technology is done in a manner that maximizes student learning, providing opportunities for our students to work creatively and collaboratively in a safe and future oriented environment. Students and their parents/guardians are asked to carefully read this User Agreement before signing. Any further questions can be directed to your child's classroom teacher or our Principal, Mr David Houghton.
